

ENGLISH

We are really looking forward to exploring the continent of Africa through a range of super texts. We will continue to develop our writing skills through the vibrant poetry and story-telling traditions of Africa.

In Year 3 we will be deepening our understanding of grammatical structures and conventions as well as developing our spelling skills.

WILD ABOUT AFRICA!

MATHS

In this term we will be learning more about:

Number – Multiplication and Division: looking at formal written methods and putting our times tables to good use.

Number: Multiplication and Division

Measurement – Finding the area and perimeter.

Number: Fractions.

Measurement – Mass and capacity

SCIENCE

During the spring term we will be studying forces and magnets and developing our understanding on forces that both push and pull.

We will also be looking at light and shadow and learning about how light travels.

HISTORY & GEOGRAPHY

We will be learning about the history of the continent of Africa through the Benin civilization.

We will be finding out more about the physical geography of African countries. We will also be finding out more about the history of slavery.

COMPUTING

This term, we will be looking at creating our own presentations and filming them on the green screen.

E4S

We will be learning more about healthy bodies and healthy minds and thinking about changes and how to keep ourselves safe.

THE ARTS

African culture will inspire our work in Music, Art and Design Technology.

We will be designing our own Adinkra textiles, playing African drums and developing our weaving skills and designing our own toy.

PE

In PE, we will be learning hockey and developing the ball and stick skills required to play the game. We will also be developing our gymnastics skills.

RE

This term we will be looking at how Sheikhs put their beliefs about equality into practise.

FRENCH

This term, we will be learning to name fruits as well as musical instruments.
